

Dedicated to People Flow™

KONE provides innovative and eco-efficient solutions for elevators, escalators, automatic building doors and the systems that integrate them with today's intelligent buildings.

We support our customers every step of the way; from design, manufacturing and installation to maintenance and modernization. KONE is a global leader in helping our customers manage the smooth flow of people and goods throughout their buildings.

Our commitment to customers is present in all KONE solutions. This makes us a reliable partner throughout the life cycle of the building. We challenge the conventional wisdom of the industry. We are fast, flexible, and we have a well-deserved reputation as a technology leader, with such innovations as KONE MonoSpace®, KONE EcoMod™ and KONE UltraRope™.

KONE employs on average 43,000 dedicated experts to serve you globally and locally.

Designed to Feel Good

Designs that entice the senses, and stimulate the soul. Elevators that are a perfect synergy of form and function. Colour themes that are warm and vibrant, with an energy that charges up the building's environment. The KONE I MonoSpace® designs combine passion with practicality, making every travel a fulfilling experience.

Residential buildings ask for elevated experiences

KONE I MonoSpace is designed for the low and mid rise residential segment, after in depth research and understanding of what people expect from their elevators. Presenting a modern experience with high quality rides, the thoughtful design strives to increase the building's attraction, boost its image and add to its value.

- The look and feel of an elevator speaks volumes about a building. With its appealing design, KONE I MonoSpace welcomes the building's user to immediate class and comfort.
- Sustainability, Durability, Practicality and Eco-efficiency are the hallmarks of the design philosophy behind every KONE I MonoSpace.

Colours based on five elements Inspired by Vaasthu

Deep analysis of Indian preferences suggests that people desire their environment to be in perfect harmony with nature. The KONE I MonoSpace comes in carefully chosen colour themes that represent the five elements of nature. Exuding auspiciousness, yet trendily modern, the car interiors symbolize harmony, vitality and the spirit of being one with nature.

SunGlow

TOUCH OF THE MORNING RAYS

Fire is the driving force behind all life processes that gives zeal, power, strength, confidence and success.

The colour schemes light up the interiors with the pleasant warmth and passion of Fire element.
The lightness makes the car feel roomier, and handpicked accessories lend a touch of class to the interiors.
Designed to make every day a bright, sunny day.

Fire

Interior
Painted and Stainless steel

Lighting
Honeycomb Fluorescent

Presented in three colour options - Energetic Yellow, Radiant Orange and Pearl White, the instantly inviting colours are offset with silver black or smoke grey flooring to create a lasting impression. The brushed finish of stainless steel walls tone down the stronger colours while illuminating the lighter white. The honeycomb lighting, inspired from the translucent cellular hexagonal design, lights up the car with a pleasant and uniform glow.

*Flat handrail (HR 20) is optional. All cars come with round handrail (HR 645) as standard.

DewDrop

SERENE FLOW DAY AFTER DAY

Water is associated with conception of new ideas, clarity of thoughts, new opportunities, healing energy, immunity and restoration of health.

Smooth, cool and inviting, the colours based on Water element are designed to have a nourishing effect. The fluidity of motion is further enhanced by the free flowing Design that has integrated Car Operating Panels. Every ride, made a glistening experience.

Interior
Painted Dual Colour

Lighting
Honeycomb Fluorescent

Reminiscent of a pleasant rainy day, this collection is presented in two colour options - Water Lily and Ocean Blue that delightfully contrast with the comforting silver grey wall panels to create a relaxed ambience. The honey comb pattern lighting with its even glow enhances the calmness while the ergonomically designed handrail in matching silver grey further adds to the effect.

SandStone

SOLID EXPERIENCES THAT STAY FOREVER

Earth stands for stability, balance, infinite patience and maturity of performance.

Rooted in Earth element, the colour themes lend a sense of steadfastness to the entire design. Long lasting and durable accessories further add to its consistency. Firm and resolute, when it comes to every day performance.

MilkyWay

LIMITS PUSHED LITTLE FURTHER

Space represents expansion, enhancement and the awareness to understand new, creative and beneficial ideas.

Designed around Space element, choice colours have been fine tuned to reflect an expansive mood. Seamlessly integrated design elements give a roomier feel within. The satisfaction keeps spreading, with every single travel.

IMSS 008

Lighting

- Honeycomb Fluorescent
- RL20 LED

The evergreen stainless steel cars presented in contemporary style. The brushed finish of stainless steel beautifully balances both stronger and lighter colours as is evident in this collection. The sturdiness of the stainless steel car is jazzed up with brilliant blue and mysterious black painted ceilings. Hand rails complement the cutting edge feel, adding to the modern effect.
