

KONE provides innovative and ecoefficient solutions for elevators, escalators, automatic building doors and the systems that integrate them with today's intelligent buildings. We support our customers every step of the way; from design manufacturing and installation to maintenance and modernization. KONE is a global leader in helping our customers manage the smooth flow of people and goods throughout their buildings. Our commitment to customers is present in all KONE solutions. This makes us a reliable partner throughout the lifecycle of the building.

We challenge the conventional wisdom of the industry. We are fast, flexible, and we have a well deserved reputation as a technology leader, with such innovations as KONE MonoSpace®, KONE NanoSpace™ and KONE UltraRope®.

KONE employs close to 60,000 dedicated experts to serve you globally and locally. KONE India, with a nation-wide network and about 5,000 employees, is committed to its customers for the entire life cycle of its each and every product.

FOR HEALTHIER AND SAFER
PEOPLE FLOW® ENVIRONMENTS

KONE Health & Wellbeing Solutions

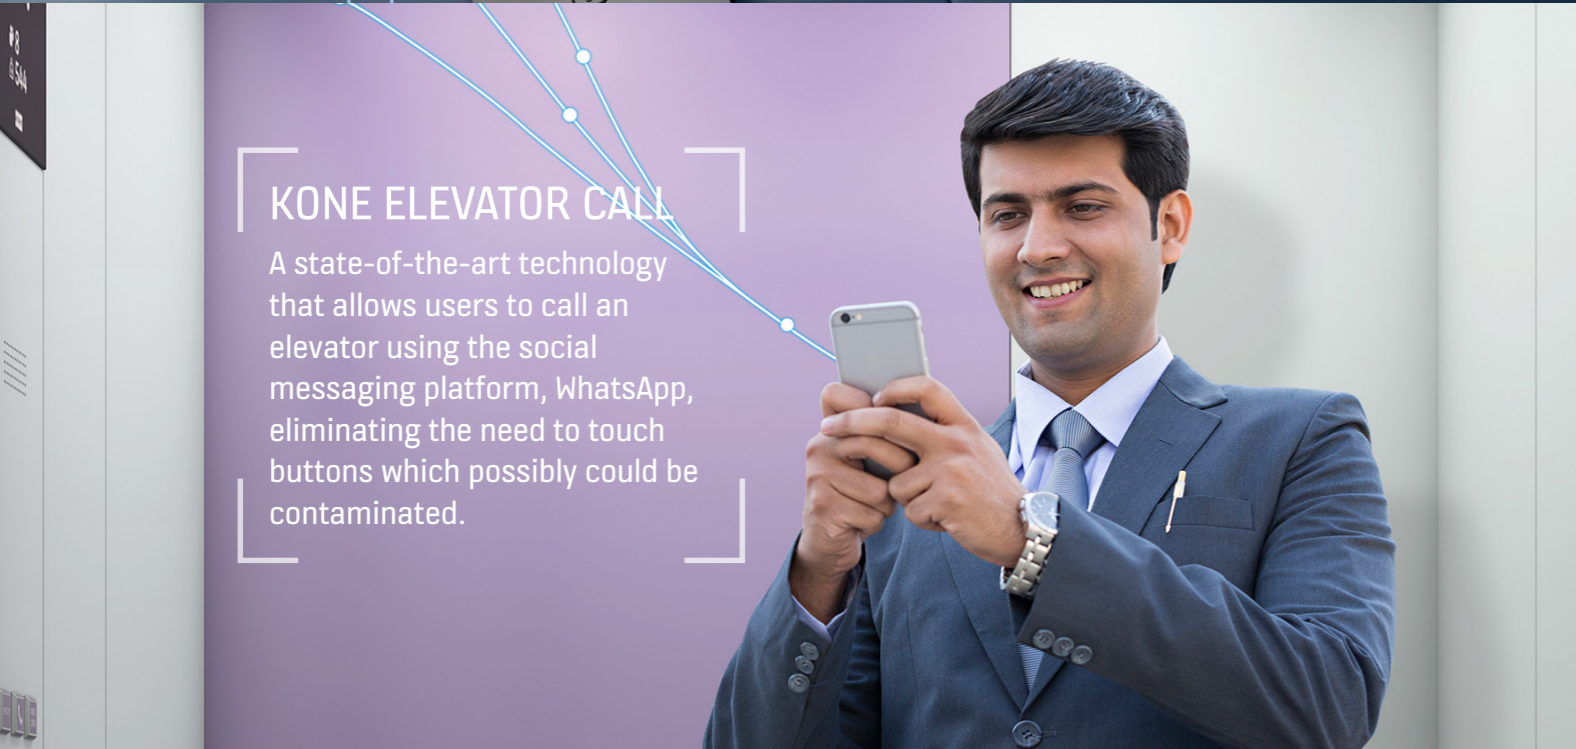

KONE 24/7 CONNECTED SERVICES

Increase the up-time of your equipment with this advanced AI - based technology that make smarter preventive maintenance decisions.

KONE ESCALATOR HANDRAIL SANITIZER

Safe to touch handrail to ensure safety during escalator use. UV-C LED lamps inside the escalator continuously and automatically reduce the reproduction of microorganisms such as bacteria or viruses, providing a healthy and safe ride.

KONE ELEVATOR CALL

A state-of-the-art technology that allows users to call an elevator using the social messaging platform, WhatsApp, eliminating the need to touch buttons which possibly could be contaminated.

KONE ELEVATOR AIRPURIFIER

Using the advanced Photocatalytic Oxidation (PCO) process, KONE Elevator air purifier destroys most of the pollutants (Eg: Bacteria, allergens, odors) in the air.

ELEVATOR CAPACITY ADJUSTMENT

SOCIAL DISTANCING SOLUTIONS

Elevator Floor Stickers:

Give passengers clear guidance where to stand in the elevator in terms of distancing.

Elevator Capacity Adjustment:

Elevator load can be adjusted to the desired limit. When the full load is reached, elevator will bypass landing calls - not taking more passengers.

CLEANING & DISINFECTING SERVICES

Elevator Car Cleaning Solution:

Using the right chemical and right method, regular elevator cleaning and disinfecting helps avoid spread of viruses.

Escalator Handrail Cleaning Solution:

Manual and specialised handrail cleaning ensures safety by keeping the handrails safe to touch.
